

December 2019

The MedBiquitous[®] Community Connection newsletter shares ongoing activities for community members and features updates, as well as a list of future engagements. For more information about MedBiquitous, please visit medbiq.org/about_us.

MedBiquitous 2020 Call for Proposals

Call for proposals now open for MedBiquitous 2020, a one-day symposium for health professions educators and technology innovators that will provide attendees opportunities to network with colleagues from around the world and examine how digital technologies can promote continuous improvement and better outcomes across the continuum of health professions education. Submission deadline is Jan. 7, 2020.

MedBiquitous Webinar Series

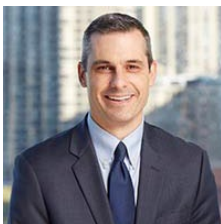

Launching Jan. 21, 2020, *MedBiquitous: Community Connection* will begin a series of one-hour webinars featuring health professions educators and technology innovators from around the globe. [Read more](#)

Wide World of Standards: T3 Innovation Network

We are starting a new recurring article here on the blog, **Wide World of Standards**. In these short summaries, I will talk about an effort going on in the standards world and highlight its implications for health professions education. This month I will talk about the T3 Innovation Network, an initiative funded by the US Chamber of Commerce Foundation.
